Semi-Solid Water-Based

- Finished on 1 show face and sealed on back and sides unless otherwise noted

VOC Range: < 100 g/L

Width: up to 6"

Thickness: 5/8 - 1"

Length: up to 12'

Variability Score: 2

For use in **exterior and interior** applications

INSTALLATION

Alpha Cladding is compatible with the following installation methods:

- Clip Systems
- Hidden Fasteners
- Visible Fasteners

A proper acclimation period is required once material is received to ensure best results.

Rear ventilation is required to minimize movement. Utilize furring strips to create a minimum 3/8" gap.

CARE & MAINTENANCE

Plan to inspect cladding annually to determine if reapplication is needed. In shaded areas or ceiling/soffit applications, reapplication may not be as frequent. Please refer to our full care & maintenance instructions for more information.

CERTIFICATIONS & LEED ELIGIBILITY

- **FSC** material* available upon request
 - **LEED Eligibility:**
 - o 2 Points: MR7 Materials & Resources | Sourcing of Raw Materials
 - Other points available for site-specific attributes
